

ADVANTAGES

- Service Life of concrete structure is increased
- Resists extreme hydrostatic pressure from either positive or negative surface of the concrete
- Becomes an integral part of the substrate
- Highly resistant to aggressive chemicals
- Static hairline cracks up to 0.4 mm are automatically sealed
- Non-toxic nature makes it suitable for use in water tanks
- Reduction in seepage and dampness

APPLICATIONS

- Roofs slabs
- Basement and other underground structures
- Sunken, bathroom and kitchen areas
- Water tanks
